Thank you for being part of the Michael Garron Hospital Foundation Golf Classic! Your support of this event contributes to the health and well-being of our community.

Our warmest thanks

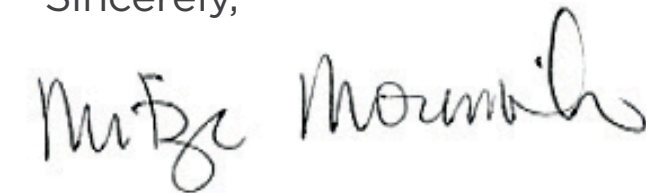

You're making a difference for everyone who relies on Michael Garron Hospital

The Golf Classic has been a successful fundraiser for our hospital for nearly 30 years. Thanks to our generous sponsors and participants, the event continues to be one of Ontario's top charity golf tournaments. You have our gratitude.

Proceeds from our Golf Classic enable Michael Garron Hospital to meet its most pressing needs and emerging priorities. In East Toronto, people are relying on us more than ever. And, you're helping to advance our work and equip our team to be at their best, with updated spaces, equipment, technology and training. Many of these needs are not fully covered by government funding. We appreciate each of you for stepping up — and teeing off — to close the gap.

Thank you again for supporting Michael Garron Hospital, the heart of the east.

Sincerely,

MITZE MOURINHO

President
Michael Garron Hospital Foundation

Your generosity goes a long way

Serving 400,000 people in East Toronto, as well as others who seek our skills and expertise, Michael Garron Hospital is challenging expectations of what a community hospital can do. Your support makes that possible.

With the help of donors, we opened our Ken and Marilyn Thomson Patient Care Centre in early 2023. Now, we're updating our legacy buildings to bring the benefits of modern spaces to even more patients.

As our community grows, we're creating capacity to provide the healthcare people need. That includes fundraising for two urgent priorities: purchasing a new da Vinci surgical robot and expanding our Cardiac Catheterization Lab.

Your support of the Golf Classic is vital because proceeds enhance the health and well-being of everyone who depends on the heart of the east.

Improving emergency care for our patients

Our Stavro Emergency Department (ED) is one of the busiest in the GTA. Last year, it served 100,000 patients. As demand builds, your support helps provide what our team needs to deliver the great care for which we are known.

Thanks to your generosity during the hand-raiser, nearly \$13,500 in donations was secured toward the purchase of two AccuVein devices. These crucial tools make it easier for our ED team to draw blood samples, insert IV lines and deliver life-saving medications to children, seniors and people with hard-to-locate veins. That means fewer pokes and less pain for patients who need us.

“People are relying on our hospital like never before. Your generosity goes a long way to support our team as we strive for excellence in caring for our patients and community every day. Thank you!”

MELANIE KOHN
